### 1.1 Please summarise what you are seeking from us

We are seeking £2000 from The Edith M Ellis 1985 Charitable Trust to build 4 water wells in remote villages in Odisha India.

### 1.2 Tell us more about your project, the impact it will have on those it aims to help, and why you consider the proposed approach to be innovative

Jairah Funds are committed to help build water wells in Odisha India. The water wells provide easy access to clean water to remote villages and are available to the whole community. Villagers are also trained to learn how to maintain the water wells in order to provide long term sustainability.

For our water wells project, Jairah Funds partners with The Good Samaritans (TGS) who have a long experienced history in running projects in Odisha. These include house rebuilding, ladies sewing center's and water wells construction. We keep in regular contact with the project manager in India, Mr Winsor Daniel.

On average the cost to build one water well is around £550. Our latest phase of water wells construction is to build 4 water wells. The water wells will be open and available to the whole community and provide a positive impact to the villagers including better health, better standard of life and better unity.

### 1.3 Which grant-giving categories does your project fulfil?

F - Sustainable development

### 1.4 Which country is the project based in?

India (IN)

### 1.5 Will the project continue after initial funding has ended?

No

### 1.6 How will the project be monitored and evaluated?

We will be in regular contact with project manager Winsor Daniel via telephone and zoom meetings to discuss progress of project. After the water well is constructed the success will be evaluated by number of villagers using water well and community involvement in maintaining water well.
